## DEWEY BOOMED FOR 1940

### San Diego Flag Democrats Support Bancroft For U. S. Senatorship

SAN DIEGO, (UP) — First breach in California's democratic ranks was effected today when the San Diego county flag democrats went on record with a strong endorsement of Philip Bancroft, republican senatorial nominee, and John L. Bacon, GOP congressional candidate.

The democrats deferred action on naming their choice for governor and county offices until "the candidates have had more time to state their positions."

**COMMANDS VOTES**

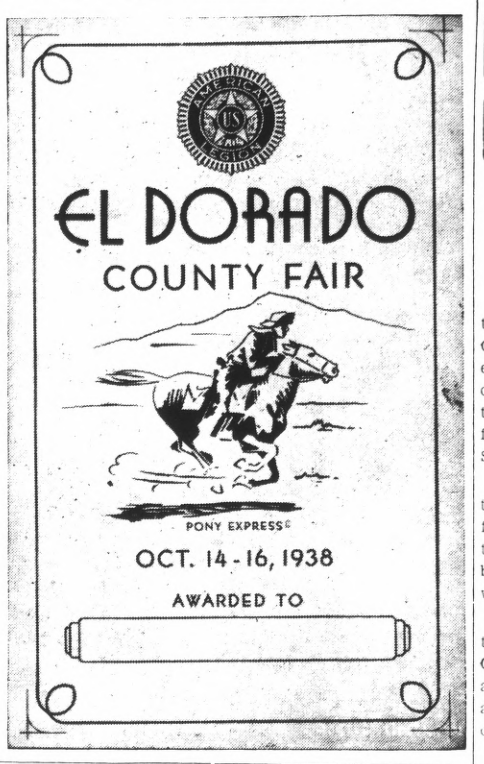

WASHINGTON, (UP) — Thomas E. Dewey, the Owosso, Mich., boy who got himself elected county attorney of New York, is on the way today toward possible Republican nomination and election to the presidency in 1940.

If those possibilities should develop, Dewey will have brought off the political parlay of the century—county attorney, governor, president in three years. He looks to a great many persons like the answer to republican prayers.

For some six years now the GOP has been looking for a man who can get votes—a great many votes. Dewey may have that ability. The November elec-

**TROPHIES** which will be awarded at the El Dorado County Fair for 1938, to be held October 14, 15 and 16 at Marcus P. Bennett, Jr., Memorial Park, will be in the form of an oxidized silver metal plaque, such as is illustrated here. The plaques will bear the full color emblem of the American Legion and the raised figure of the Pony Express rider. Each plaque has a a space, as is indicated in the illustration, in which the name of the person by whom the plaque is won will be engraved. This type of trophy was adopted by the fair management as preferable to the silver cups which were awarded last year.

## NEEDLE WORK SHOW INCLUDED IN COUNTY FAIR PLANS

### Ribbons Will Be Awarded Winners As State Does Not Permit Use Of Pari-Mutuel Funds For Prize Awards In This Class; Cash Prizes In National Contest

Due to the great demand, the directors of the El Dorado County Fair have decided to inaugurate a needle work show for the ladies and to participate in the National Crochet Contest. Ribbons will be awarded only in the local show as the state does not allow any of its pari-mutuel money to be distributed for needle work.

In the national contest $1200 in cash prizes will be awarded. The local display will consist of ten classifications of crochet work, an exhibition of quilts to be classified later, and an exhibition of embroidery work and sewing also to be classified and announced next week.

The Fair directors have expressed great pleasure at the interest shown by the ladies of the county and state that they will try to make the show as interesting as possible.

Those who participate in this display at the fair may also enter the National Contest in which the rules and awards are as follows:

Grand prize, $250 cash award, title of National Crochet Champion; free three day trip to New York City.

To forty other winners: cash awards, ranging from $5.00 to $50.00;

To one hundred other winners, honorable mention awards of $1.00 each;

Four cash prizes will be given in each of ten crochet classes. For each group, there will be a first prize of $50.00, second prize of $25.00, third prize of $10.00, and fourth prize of $5.00. The Grand National prize will go to the best entry, regardless of classification.

Rules are as follows:

All entries must previously have won, during 1938, a first prize in the needlework department of a local, county or state fair.

All entries must be crocheted of mercerized crochet cotton, or mercerized knitting and crochet cotton.

The ten classifications shall be: — crocheted tablecloths; crocheted luncheon sets; crocheted doilies and or scarfs; crocheted chair sets; crocheted edgings and insertions; crocheted bedspreads; crocheted blouses and dresses; crocheted fashion accessories; crocheted household accessories; crochet group for juniors, 16 years or less.

Designs need not be original, but originality will count in the decision of the judges.

The opinion of the judges must be considered final in all cases. Judgment will be based on general appearance, workmanship, beauty of design, suitbility and taste.

The judging will be held during the month of November, 1938, and a public exhibition of all contest entries will be held in New York City on the completion of the judging.

## Job Advisory Unit Formed

### Harry Bell Chairman Of Local Committee To Co-Operate With State Employment Service

The initial meeting of the El Dorado County Advisory Council of the California State Employment Service was held Wednesday evening in the Placerville offices of the Department of Employment. Sol N. Sheridan, associate chief of the state-wide system of public employment offices, travelled up from Sacramento to preside.

Harry Bell, manager of the El Dorado Limestone Company, was elected chairman of the council, and Reuel V. Whigam, president of the Chamber of Commerce, was named vice chairman. Alston W. Sutton, manager of the local office, was named secretary exofficio.

Other members present were: Arnold Weber, chairman of the American Legion committee on Veterans' employment; Chalmers Price, manager of the California Door Company; Paul Ransom, master mechanic of the Big Canyon mine; E. B. Peterson, chairman of the Wooden Box campaign; Hugh A. Schaefer, of the Michigan-California Lumber Company. Other members not able to attend the initial meeting, are Henry Lyon, district attorney; P. J. Hall, county supervisor; M. T. Kelly, local merchant, and L. J. Anderson.

Accompanying Sheridan from the Sacramento offices was Sheldon T. Russell, statistical supervisor of the State Employment Service.

"Advisory councils for local offices are not a new thing, insofar as public employment offices are concerned,' said Sheridan. "Throughout the nationwide offices of the United States Employment Service (with which the California offices are affiliated) we have found local councils to be of untold assistance. It is neither practical or fair, to determine the local office's policies from afar.

"We are counting on the El Dorado county advisory council to help us in determining policies to be followed in the territory under the jurisdiction of the Placerville office. We hope to create the feeling, with the council's help, that the Placerville office is maintained solely to cope with this community's employment problems."

Chairman Bell announces that he plans to call the second meeting of the council some time late in October. In the interim, members are studying several matters discussed at the first meeting, on which definite action will be taken in the October meeting.

### Seals Trim Solons 9 To 4 As Walker, Newsome And Pippen Do Mound Duty

SACRAMENTO, (UP) — The Pacific Coast League playoff series was all even at one game each today after San Francisco beat Sacramento last night, 9-4.

The victorious Seals hammered Walker for three runs in the first inning and got single scores in the fourth and fifth. Joe Orengo got a homer for Sacramento in the second.

Walker gave way to Newsome in the fifth, but Newsome was removed for a pinch hitter after one inning and Pippen finished the game. San Francisco got another run in the secenth and three more in the eights, while Sacramento waited until the seventh before scoring again.

Stutz was the winning pitcher, holding the Solons to 10 hits, while the Seals pounded the three Sacramento pitchers for 17 safeties. San Francisco was charged with four errors.

## CROWDER PLEADS GUILTY TO PETTY THEFT, FINED $200

At a hearing in Justice Court shortly before noon Friday, R. D. Crowder entered a plea of guilty to a charge of petty theft and was fined $200 by Justice of the Peace T. F. Lewis.

Crowder had been in jail for about two weeks following exoneration of his bond of $2,000, under which he was at liberty on a burglary charge, when the defendant appeared for a preliminary hearing while under the influence of liquor.

He had been held in jail since that time and at a hearing as to his sanity last Saturday, he was determined to be sane. At a hearing Friday morning, in Superior Court, the defendant's brother was named his guardian, with Crowder's consent, following testimony to the effect that owing to intemperance the defendant is not competent to manage his own affairs.

Crowder was remanded to jail pending payment of the petty theft fine.

The case arose out of theb urglary of the home of Frank Gardner, at Kelsey, in connection with which a co-defendant pleaded guilty.

## "Lefty" Gomez May Be Yankee Choice

NEW YORK, (UP)—Lefty Gomez, the Yankee pitcher who was virtually certain to start in the opening game of the world series, seemed in danger of losing the assignment today because of a congestion in his chest. Manager Joe McCarthy ordered Lefty to begin "steaming up" in hope of clearing up the disorder before the first game on October 5.

## *Fair Premium Checks Being Distributed*

There were twelve blue ribbon winners who will receive checks for $2 each, and fourteen red ribbon winners, who will get checks for $1 each. In addition, there is a unit award of $20 which will be divided among the schools participating, and a plaque for the general county display.

Mrs. Kathleen Dwyr, rural supervisor, who arranged and installed the exhibit, has also received a second letter from Fair Secretary Robert Muckler, commending the pupils of the county for the excellence of their display.

## BOWMANS END RODEO TOUR

### Springvale Couple Return Home From 8,500-Mile Season Of Exhibitions

Ed and Tillie Bowman, "Baldy" and "Jiggs" are at their "winter quarters" again at the Arrow-B Ranch in the Springvale district, having completed an 8,500-mile tour during which they have participated in fairs and rodeos in many western states and in western Canada.

Almost everyone in El Dorado County knows Mr. and Mrs. Bowman, or has heard of their excellence as rodeo performers, but the acquaintance of "Baldy" and "Jiggs" is not so large.

Meet "Baldy," he's Mr. Bowman's rodeo horse, chestnut in color except that he has four white feet and a bald face which gives him his name.

And "Jiggs?" He's the comedy mule added to the entourage last fall by Mr. Bowman. "Jiggs" virtually "knocked 'em for a loop" at every performance, according to Mr. Bowman, and was an especial favorite in Canada where, it seemed, the people had never seen a "critter" of his likes;—and of his dislikes.

"Baldy" won a beautiful trophy in the stock horse class in the horse show at the Montana State Fair, and otherwise gave a good account of himself in his exhibition work.

Tillie Bowman continues to be the premier woman rope performer of the rodeo field. Mr. Bowman stated, and nowhere on their travels did they find a woman rodeo performer whose reportoire of rope stunts compared in extent with the exhibition put on by Mrs. Bowman.

One of the features of the trip, from Mr. Bowman's point of view, was an opportunity for a brief visit at Buffalo, Wyoming, with his brother, M. C. Bowman, who is stationed there temporarily in charge of federal highway construction.

## BAKERSFIELD FRONTIER DAYS CELEBRATION UNDER WAY

BAKERSFIELD, (UP)—This city was suddenly transformed into a wlid west town of '49 today as the annual frontier day celebration got under way.

Men in ten gallon hats and chaps, astride decorated horses, real honest-to-gosh Indians from the Tule reservation walked about on the streets. A vigilante committee roamed around, ready to inflict a fine on any male who dared to appear on the streets without a beard.

## Upland PWA Project Is Reinstated

**BEAUTY, 3 R's CLASH**

## EUROPE PEACE MOVE SEEN

### Chamberlain Intimates Broad Field Covered In 4-Power Crisis Conference

**By RICHARD D. McMILLAN**
**United Press Staff Correspondent**

LONDON, (UP)—"Settlement of the Czech problem is only a prelude to a larger settlement in all Europe," Prime Minister Neville Chamberlain told the country today in a radio broadcast on his return from Munich.

The Prime Minister did not elaborate upon his remark but authoritative sources revealed current reports that Chamberlain had discussed with Hitler and Premier Benito Mussolini of Italy a new agreement to apply to the Mediterranean, and including a settlement of the Spanish problem.

These reports could not be confirmed.

**CZECHS WONDER**

PRAGUE, (UP) — Czechoslovakia received with gloom and suspicion the details of how it is to be dismembered to save the peace of Europe.

The only gauge of national sentiment with the downcast eyes of the men on the streets. These men asked the question:

Was the gain——the preservation of peace—a just compensation for the loss of economic, military and political independence in the new state?

## Soil District Is Favored

### Group Which Met Thursday Night Will Initiate Steps For County-Wide Activity

A county-wide soil conservation district, embracing areas in which agriculture and range operation is practicable, should be formed under the recently instituted state Soil Conservation District Act.

This is the conclusion of a meeting of farmers of the county held Thursday night under auspices of the University of California Agricultural Extension Service, in co-operation with the offices of local soil conservation districts. The meeting was held at the Farm Advisor's office.

In support of this conclusion, a committee was appointed to initiate proceedings looking to the formation of such a district and the committee in cludes Carroll Miller, of Cool; W. E. Benson, of Summit; Leo Ench, for the agricultural and range area east of Placerville; Max Bollman, for the area west of Placerville, and Joe Langer, of Aukum. Other members may later be appointed.

The committe appointed will devote its immediate attention to fostering discussion of the matter in Grange and Farm Center meetings in the county so that a majority of our farming population may be informed of the opportunities for improvement of range and farming lands which the formation of such a district will afford.

## R. M. Walters Seriously Ill At Hospital

Richard M. Walters, who resigned as state truck tax administrator in this county last January owing to failing health, was removed to Placerville Sanitorium during the week for further treatment and reports as to his condition on Friday state that he is critically ill.

Although it was hoped that the rest which Mr. Walters sought in resigning his position might help to restore his health, the results have not been encouraging up to this time.

## Disturbing Peace Draws 30-Day Jail Term

Citizens seized flit-sprayers and stood by for defense of their homes and lives. Later it developed that the supposed mosquitoes were not only mere gnats but gnats that didn't bite.

## KELSEY

Mrs. George Saunders entertained the Kelsey Good Neighbor Circle for the September meeting at her beautiful mountain home east of Georgetown. As Mrs. Saunders teaches piano to several pupils in Kelsey district, she has become a member of the circle. After the formal business of the afternoon, the occasion was in the hands of our capable hostess. Although in the United States a comparatively few years, Mrs. Saunders is all ready proud to be an American citizen. The guests were most interestingly entertained with a display of English heirlooms, genuine Irish linens, world famous Buckinghamshire laces and viewing the splendid mural paintings that help to make a charming living room. Present were Mesdames Kenzie, Holt, Moody, Bennett, Kelly, Burkitt, Weber and Margaret Kelly, all members of the circle, and guests including Mrs. W. C. Berriman, Mrs. George Fowler, Mrs. George Morgan and Mrs. Kivi-Aho. A most delectable English tea was the finish to a perfect day.

The regular meeting of El Dorado-Amador Pomona Grange will be held Saturday night, October 1, at the hall of Three Forks Grange.

George W. Weston, district engineer for the PWA, was in Placerville Friday conferring with Engineer Don M. Favorable action on the two projects is expected at an early date.

## LOTUS

A small fire started last Thursday on the James Keane place a short distance from Lotus at 4:30 p. m. The Mt. Danaher fire crew was called and quickly came to the place and in a short time had the fire under control, no damage being done only by burning off some pasture and brush. The origin of the fire is unknown but it is supposed started by some one traveling the highway who threw a cigarette or cigar stub from their car. Some ten or fifteen acres was burned over.

Bill Bathurst, candidate for sheriff, was over from Placerville the past week doing some electioneering among the voters at Lotus and Coloma.

Dudley Freeland came up from Sacramento last Tuesday evening and spent a few days with his wife and baby. While here they took a ride up to Loon Lake to see the lake and the mountain country.

Morris Jones, State trapper of wild animals who is now trapping for coyotes on the lands of Henry Bacchi, was in Lotus Wednesday afternoon with a three prong deer which he killed on his way down from the Tell ranch. He called on Judge Rasmusson who validated his two deer tags.

A. H. Peterson and wife came up from Los Angeles last Saturday and spent the week end at their summer home here and looking after their property interests which is in charge of their tenant John Singleton and wife. They returned back home Monday morning.

The weather the past week is much changed—more or less a little cloudiness every day and the mercury not getting above 84 degrees every day of the week.

Mrs. Harry Reaside returned home Thursday evening from San Francisco after a pleasant visit with old friends. Violet reports that Treasure Island, the scene of our big 1939 Fair is coming along fine and is sure a most beautiful sight.

Chas. Gaylord and wife were in our town on Sunday, coming up from their Sacramento home to view his birthplace and old home at Gaylord Bridge, five miles south of Lotus. His wife, formally Etta Kies, was born in Placerville. Her father, George Kies, years ago was an employee on The Mountain Democrat and ran that paper for some time. Charlie and his wife came up from the Capital City to call on some of his old friends in Lotus, Coloma and Granite Hill.

Mrs. Margaret Fox was called to Los Angeles last week by the sudden death of her mother, Mrs. Annie Fogal, who died at her home on Wednesday, Sept. 4th from a sudden heart attack. Her husband passed away some six years ago. Deseased leaves three daughters and two sons, besides everal nieces and nephews. She was 68 years of age.

Fred Castillo has returned from a few days trip to his mountain range where he went to check up on his cattle.

The Rev. Rex Barron and wife of Placerville were callers at the Reaside home on Friday last.

# Dewey Boomed For 1940

(Continued from page 1)

tions this year will show him up one way or the other.

He was nominated by acclamation for Governor yesterday by Republicans in New York state convention at Saratoga. Today, at 36, one year older than the minimum required for a president of the United States, Dewey begins an attempt to take the state of New York away from the new deal-democratic party. If he wins New York state, which casts the largest vote in the electoral college, Dewey will have a valid and persuasive claim on the Republican presidential nomination in 1940.

## "SKY GIANT" SATURDAY EMPIRE FEATURE IN DOUBLE BILL

The Empire Theater bill for the week end brings a smashing drama of aviation as the feature for Saturday in "The Sky Giant," with Richard Dix, Chester Morris and Jean Fontaine. The story is a romance against a background of aerial exploration which seems to please.

Second feature of the Saturday showing is "A Lawman is Born," with Johnny Mack Brown in the role of the sheriff and Iris Meredith as the leading lady.

### CHRISTIAN SCIENCE CHURCHES

In all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., a Lesson-Sermon was read Sunday, October 2, on the subject "Unreality."

The Golden Text was: "Let not him that is deceived trust in vanity: for vanity shall be his recompence" (Job 15:31). Bible selections included the following passage from Isaiah 41:11—13: "Behold, all they that were incensed against thee shall be ashamed and confounded: they shall be as nothing; and they that strive with thee shall perish. Thou shalt seek them, and shalt not find them, even them that contended with thee: they that war against thee shall be as nothing, and as a thing of nought. For I the Lord thy God will hold thy right hand, saying unto thee, Fear not; I will help thee."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, was also included, which reads as follows: "In the vast forever, in the Science and truth of being, the only facts are Spirit and its innumerable creations. Darkness and chaos are the imaginary opposites of light, understanding, and eternal harmony, and they are the elements of nothingness" (p. 479).

# Europe Peace Move Seen

(Continued from page one)

(Copyright 1938 by United Press) — Polish army commanders had difficulty today restraining their troops from marching into Czechoslovakia and forcefully occupying the 600 square miles of lower Silesia. Their government ignored the settlement at Munich of the German-Czech crisis.

### PEACE PLEDGED

MUNICH, Germany, (Copyright 1938 by United Press)—A historic four power agreement for the session of Czechoslovakia's Sudetenland to Germany was sealed today by a British-German pledge to work jointly for the peace of Europe and a decision "never to go to war with ont another again."

Prime Minister Neville Chamberlain, for Great Britain, and Fuehrer Adolf Hitler for Germany, agreed to use consultative methods to settle any future disputes, promised to continue efforts to consolidate Europe's peace.

### FIREMEN ENJOY NOVELTY

EDMONTON, Alta., (UP)—Oh, for the life of a fireman. Here they bring the fires to the fire station, not the fire wagon to the fire. Recently, for the second time in less than three months, a street car, with roof ablaze, pulled up in front of the fire house. The firemen then put out the fire.

### INCREASES IRRIGATION

SIMLA, India, (UP)—The government is steadily enlarging the field of cultivation in India by large-scale irrigation schemes. Areas under state irrigation now total 31,000,000 acres, or one-eighth of the total cultivable area of British India, as compared with only 10,500,000 acres in 1878-79.
